chose to incorporate everything they loved to create their stunning, personal wedding celebration. "I chose my wedding dress in London shortly after we got engaged. I knew from the start what I wanted but also wanted to give all options a go and try on as many as I could. I searched for the designer that I wanted, who was Galia Lahav, and as soon as I tried it on I knew it was the dress – I had fallen in love with it! As it was such a big dress and also heavy, I knew I wouldn't be able to wear it all day and night, and dancing was going to be a problem, so I decided to have a second dress designed for me. I asked Melissa Gormley from Prim & Penny to make it for me, and together we designed the dress. It was exactly what I wanted, Melissa

did an amazing job, and she also made the bridesmaids dresses, our little flower girl's dress and my mum's dress," added Juneve. "The day was perfect from beginning to end. One of my highlights was experiencing Castle Leslie and the gardens, they are breathtaking. I really enjoyed getting our photos taken down by the lake on the tree swing. The whole day was so amazing, and more than I could ever imagine, if I could do it all over again I would in a heartbeat!" said Juneve. "My highlight was seeing Juneve enter the church looking so gorgeous. The rest of the day was perfect and everything went smoothly," added Stuart. The couple visited Bora Bora and Las Vegas for their honeymoon.
